Surgical Light

# AIM-100

Limitless rotation, class-leading intensity and endless versatility.

Providing both amazing value and unparalleled aesthetics, Burton's AIM-100 also boasts limitless rotation on ceiling mounts (a feature previously available only on OR type lights). Along with highest intensity illumination, AIM-100 delivers very smooth focus and superior maneuverability. A longer arm system ensures it can be positioned in the widest range of positions possible, making it ideal for outpatient procedures in a variety of settings and practices including trauma centers, ERs, ambulatory surgery centers, ICUs, physician offices, clinics, plastic surgery, dermatology, and ophthalmology

Designed to meet even the most demanding healthcare facility's specifications for high-intensity, cool operation and low cost.
