

Examination Light

Super Bright Spot[®]

Pre-focused spot available for OB/GYNs, urologists, family practitioners, hospital clinics and LDRs.

Using a 20-watt halogen bulb and a special optics system, Burton's Super Bright Spot is virtually heat-free. Plus, the Super Bright Spot is superior to fiber optic units in value, durable operation, spot size and long 2,000-hour bulb life. The Super Bright Spot is available with a sturdy, sag-resistant gooseneck and a floorstand or a universal wall mounting system for tighter spaces.

Features

- 4"-5" spot size (much larger than fiber optic lights)
- Dichroic reflector filters out infrared to keep the beam cool
- High-quality, space-saving, 4-caster base system – safe and flexible portable movement with locking feature on 2 of 4 casters
